### **News about the website**

Helen will contact the web-designer in two weeks from now, and Bjarne will send Helen the contact information and earlier correspondence about the website. Further communication on this will be by messenger. Bjarne is planning to apply for funds for the website and will contact NFOG and apply for 20000 Danish kr (DKR).

### **News from each country**

#### Estonia

The upcoming meeting in Tallin on Oct 2: The Kaljulaid seminar (<https://kerstikaljulaid.ee/en/> )

The meeting in Tallin is about consent law whether it should be a “yes-” or a “no-” model.

Anna has planned a 15 min talk about tonic immobility, psychological reactions, and the consent law in Sweden at the Kaljulaid seminar tomorrow. She has also been talking to an Estonian journalist about these topics.

Line and her colleague are scheduled for a 10 min talk each. Her colleague will talk about a project about “before and after the consent law” in Denmark. Line will talk about how the consent law has affected the patients at the SAC (sexual assault center).

### Finland

Here they have had a small increase in number of cases all over the country after the consent law was introduced. Riina has started to write a manuscript about this.

### Faroe island

Diana has currently lost her fundings for SAC clinical work. This has been a cooperation between the hospital and the police. This has led to a new start with a new nurse's team, new phone numbers, information and more. A lot of extra work for Diana.

### Greenland and Iceland?

Bjarne has been in contact with Greenland, they do not have any SAC or team for adults yet, only for children. Adults are only to contact their GP or community nurses, but none of these are specially trained in eg., forensic tasks. Bjarne will attend a new meeting with Greenland in November.

Iceland, we will follow up...

### **Redcap**

Database registration of patients attending SACs in Estonia.

Possible to use this in future cooperation between countries for research purposes?

### **Article about NordSAC**

In February Cecilie is planning to write an informative article about NordSac, hopefully both Anna and Kai may participate.

### **Budget/economy**

Bjarne will apply for fundings to start our society, he will contact “Nordisk råd” and apply for 150 000 Danish kr.

## **General assembly 2025**

Both Anna and Cecilie has been i contact with Ines Keygnart from Belgium, and the plan is to arrange the ICSor-conference in Belgium in 2025. We will plan for arranging the NordSAC general assembly in Belgium at the same time.

## **Next board meetings**
